NATURE'S FINEST

At Plein Soleil, we believe in extracting Nature's finest offerings to create products that nourish & nurture life. We thrive to skillfully blend natural ingredients with the latest technologies to achieve the perfect recipes for a balanced life.

Since 1999, Plein Soleil has been committed to offer consumers a quality selection of frozen vegetables using only the best harvest from fields around the globe. Year after year, we proudly earned our reputation with our relentless dedication to quality and our endless series of innovations. Today, that commitment to quality is deeply embedded in our culture.

Always striving to stay ahead, Plein Soleil expanded into a variety of food categories. In 2015, it gained a presiding market share in the categories of canned and frozen vegetables and fruits, appetizers, vegetable oils, condiments, and dairy products.

By the end of the year 2015, Plein Soleil's dairy category witnessed a substantial growth. Its successful and diversified product range led to a remarkable market share; thus becoming the brand's largest category.

In 2016, Plein Soleil launched the Gourmet vegetables range, catering to elaborate the needs of our consumers' culinary taste, quality and presentation needs. We also introduced a wide selection of Gourmet Vegetables Asian Mixes, bringing the Asian experience within everyone's reach.

In 2017, our new Bakery range was launched with a variety of pastry doughs and rice cakes that beautifully complements the consumer's salty and sweet creations.

In 2023 and 2024, Plein Soleil range has been expanded to include a diverse selection of multicultural products such as coconut based cooking essentials, Asian sauces, and a variety of condiments. The brand also ventured into vegan and healthy lifestyle products such as plant-based milk.

Today, the Plein Soleil range comprises more than 200 products, specially tailored for retail and food service channels, to stay in tune with consumer needs. Our products, not only enrich their daily menus with a healthy variety, but leverage their culinary experience to high standards.
